

# iNOSE

## STATEMENT

	SLUG	PIGEON	SYCAMORE TREE
<b>Fact 1</b>	I move around on one large foot.	I have four limbs.	Bees love me.
<b>Fact 2</b>	I have no arms and four tentacle type things on my head.	I'm super smart.	Squirrels love me!
<b>Fact 3</b>	I can stretch to 20 times my typical length if I want to.	I feed my babies a special milk.	I can make my own food.
<b>Fact 4</b>	My science group name means 'stomach foot'.	I have had a special bond with, and have lived close to, humans for 1000s of years.	I get naked in the winter!
<b>Fact 5</b>	I have 27,000 teeth (more than a shark!).	I'm fast – I've been clocked at speeds of 92.5 mph.	I relocate via helicopter.
<b>Fact 6</b>	I breathe through a hole in my side.	I have exceptional navigation skills.	I can live to 400 years old.
<b>Fact 7</b>	My eyes are on two of my tentacles.	My kind have received medals for our bravery at war.	I gobble up carbon dioxide.
<b>Fact 8</b>	I use the other two tentacles to taste and sense what's going on around me.	I can fly.	I can be as big as a tree!
